L'ASSOCIATION INTERNATIONALE DES JARDINS BOTANIQUES

par

W. Robyns (Bruxelles)

La Sous-commission des Jardins botaniques, qui existe au sein de la Section de Botanique de l'Union Internationale des Sciences Biologiques (U.I.S.B.) a organisé la Section 26 bis, Jardins Botaniques, du VIIIème Congrès International de Botanique (Paris-Nice 1954).

Au cours des réunions de cette Section, la nécessité apparut d'une liaison plus étroite entre les divers Jardins Botaniques du monde entier. Il fut, en conséquence, proposé de procéder à la création d'une *Association Internationale des Jardins Botaniques* et un Comité restreint fut chargé d'en fixer les modalités.

Cette décision fut soumise à la Commission des Résolutions du VIIIème Congrès international de Botanique dans les termes suivants:

„L'urgence de contacts plus étroits entre les Jardins Botaniques des différents pays „s'affirmant absolument necessaire, les Membres présents aux séances de la section „26-bis du VIIIème Congrès International de Botanique proposent, à l'unanimité, la „création d'une ASSOCIATION INTERNATIONALE DES JARDINS BOTA-„NIQUES. Ils chargent le Comité actuel de la Sous-Commission des Jardins Bota-„niques de la Section „Botanique" de l'U.I.S.B. d'entreprendre toutes démarches en „vue de la réalisation de ce projet."

Adoptée par la Commission des Résolutions, cette proposition fut mentionnée à la séance de clôture, le 13 juillet 1954, du VIIIème Congrès International de Botanique.

Au cours de sa réunion du 10 juillet 1954, le Comité restreint a pris à l'unanimité les décisions suivantes.

L'appellation „Jardin Botanique" est à prendre dans un sens très large, de façon à comprendre toutes les institutions publiques et privées s'occupant de la culture des plantes vivantes dans un but scientifique, d'enseignement ou d'éducation, à l'exclusion de tout but lucratif.

Tous les établissements, associations et organismes présentant ce caractère peuvent se faire inscrire comme membre actif de l'Association Internationale.

En dehors de cela, des adhésions, à titre purement individuel, ne donnant pas droit à participer directement à la gestion de l'Association, sont également acceptées.

Le siège social de l'Association est établi au Laboratoire de Culture du Muséum National d'Histoire Naturelle, 61 rue Buffon, Paris Ve.

Le Comité de l'Association est provisoirement celui de la Sous-Commission des Jardins Botaniques de l'U.I.S.B., auquel a été adjoint un Secrétaire-Trésorier. Ce Comité se présente comme suit:

Président: W. Robyns, Directeur du Jardin Botanique de l'Etat, 236, rue Royale, Bruxelles.

Secrétaires: C. Guinet, Chef-Jardinier, Laboratoire de Culture, Muséum National d'Histoire Naturelle, 61, rue Buffon, Paris Ve.

P. Jovet, Laboratoire de Phanérogamie, Muséum National d'Histoire Naturelle, 16, rue Buffon, Paris Ve.

Secrétaire-Trésorier: V. Chaudun, Laboratoire de Culture, Muséum National d'Histoire Naturelle, 61, rue Buffon, Paris Ve.

La Commission de l'Association Internationale des Jardins Botaniques comprend les Membres suivants:

C. Cappeletti, Padoue, Italie. Fl. Cosandey, Lausanne, Suisse. Ab. Fernandes, Coimbra, Portugal. H. R. Fletcher, Wisley, Grande Bretagne. R. C. Florin, Stockholm, Suède. J. C. Garnaud, Sarrebrück, Sarre. J. S. L. Gilmour, Cambridge, Grande Bretagne. K. H. Kaul, Lucknow, India. J. Klika, Praha, Tchécoslovaquie. W. Lüdi, Zürich, Suisse. H. J. Maresquelle, Strasbourg, France. F. Markgraf, Münich, Allemagne. J. W. Purseglove, Singapore, Malaisie. W. J. Robbins, New York, U.S.A. I. Vélez, Puerto-Rico, U.S.A. H. J. Venema, Wageningen, Pays-Bas. F. Verdoorn, Waltham, Mass. U.S.A.

Cotisation annuelle des membres: *Instituts* 10 $; *Individus* 3 $.

Tous les Directeurs de Jardins Botaniques et Instituts similaires ainsi que toutes les personnes intéressées par l'activité de la nouvelle Association, sont vivement priés de donner le plus rapidement possible leur adhésion au siège social à Paris et d'y payer leur cotisation par chèque bancaire adressé à M. V. Chaudun, afin que l'Association puisse fonctionner normalement à partir du Ier janvier 1955.

L'Association se propose de tenir des réunions périodiques et de faire circuler des nouvelles intéressant les divers jardins botaniques par l'intermédiaire de „TAXON", en attendant qu'elle ait son propre périodique.

Un des premiers travaux envisagés est la publication de l'*Index Hortorum Botanicorum.*

Au Colloque International sur l'Organisation scientifique des Jardins Botaniques, tenu à Paris en juin 1953, il avait été décidé qu'une enquête générale sur les Jardins Botaniques du monde entier serait entreprise d'urgence, afin de publier rapidement un Index Général des Jardins Botaniques et Etablissements scientifiques similaires.

Un Questionnaire établi à cet effet a déjà été distribué en 1954 à un grand nombre d'établissements, par l'intermédiaire de l'„Index Seminum" du Muséum de Paris.

Un complément d'enquête est actuellement poursuivi et un nouvel exemplaire du Questionnaire sera lancé par l'intermédiaire de l'Index Seminum de Paris 1954.

Nous invitons tous les directeurs responsables de jardins botaniques, qui n'ont pas encore pu répondre à notre appel de 1953, à faire parvenir, le plus rapidement possible, au siège social, le Questionnaire dûment rempli, ainsi que toute documentation utile sur leur propre établissement. Nous prions spécialement tous les membres de la Commission de notre Association de bien vouloir se mettre en relations directes avec tous les établissements de culture de plantes de leur pays, afin de les engager à répondre à l'enquête en question.

Nous attirons l'attention sur le fait qu'il n'est en aucune façon obligatoire de faire partie de l'Association pour être mentionné dans l'*Index Hortorum Botanicorum.*

Paris et Bruxelles 18/X/1954.

INTERNATIONAL ASSOCIATION FOR PLANT TAXONOMY

CONSTITUTION

Name of the Association

Article 1. The association founded at Stockholm, Sweden on July 18, 1950 shall be called: International Association for Plant Taxonomy.

Objects

Article 2.

1. to promote the development of plant taxonomy.
2. to encourage the international relations among plant taxonomists and institutes working on plant taxonomy.

Means

Article 3. The objects of the Association will be reached by the following means:

1. the maintenance of an International Bureau for Plant Taxonomy and Nomenclature.
2. the publication of a periodical dealing with the activities of the society and with objects of general importance for plant taxonomy.
3. the publication of series of books and card indices that are of general importance for plant taxonomists.
4. the establishment and maintenance of committees for specific purposes.
5. the organisation of international symposia on problems of plant taxonomy.
6. the engagement in any other activity consistent with the objects of the Association.

Members

Article 4. The Association shall consist of:

1. Regular personal members. All persons actively engaged or interested in plant taxonomy are eligible to become regular personal members.
2. Associate personal members. Such members may be students or persons having a side-interest in plant taxonomy. They have no right to vote and are not eligible to participate in the functions of the Association.
3. Supporting institute members. All major institutes or other organisations actively engaged or interested in plant taxonomy are eligible to become supporting institute members.
4. Regular institute members. Such members may be institutes or other organisations actively engaged or interested in plant taxonomy.
5. Associate institute members. Such members may be institutes or organisations having a side-interest in plant taxonomy.

Article 5. Membership is acquired by notification in writing to the secretariat and payment of the appropriate fee.

Council

Article 6. The affairs of the Association shall be controlled by a council elected by a majority of the votes cast by the regular and supporting members and consisting of the members of the executive committee (as mentioned below, Art. 9) and not more than ten regular personal members, of whom not more than three shall be residents of the same country.

Article 7. Members of council shall hold office between two international botanical congresses and shall be eligible for re-election. Any vacancy occurring during the term of office of a council member shall be filled by the council.

Article 8. The business of the council shall normally be conducted by correspondence, but the council shall endeavour to arrange meetings when suitable opportunities occur, and shall be empowered to conduct business at any such meeting by a majority vote of the council. The council shall have power to appoint committees of members for the furtherance of the objects of the Association.

Article 9. The Association, by a majority of the votes cast by the regular and supporting members, shall elect an executive committee consisting of:

a. a president
b. a vice-president
c. a secretary
d. an administrator of finances
e. a treasurer

The offices of secretary and treasurer may be held by the same person.

The duty of the executive committee shall be to exercise a general control of the International Bureau for Plant Taxonomy and

Nomenclature and to carry out such other duties as may be delegated to them by the Council.

Article 10. The president, the vice-president, and the administrator of finances hold office between two international botanical congresses and shall not be eligible for re-election in the same office.

Article 11. The secretary and the treasurer shall hold office between two international botanical congresses and shall be eligible for re-election in the same office.

Article 12. The officers of the executive committee shall discharge the duties normally assigned to these respective officers.

Article 13. After the 1954 election, it shall be the duty of the Executive Committee to present for mail balloting by the membership a list of candidates for the offices and councilorships of the Association prior to each International Botanical Congress. The secretary shall circularize the membership to obtain suggested nominees for the guidance of the executive committee. Vacancies in the executive committee shall be filled by the council.

Bureau

Article 14. The Association shall maintain an International Bureau for Plant Taxonomy and Nomenclature. The Bureau is charged with all administrative duties and with the editing of all publications of the Association.

Meetings

Article 15. As a general rule, meetings shall be held at International Botanical Congresses.

Finances

Article 16. The income of the Association shall be derived from subscription of members and from other sources.

Bye-laws

Article 17. The council shall have power to make bye-laws for carrying into operation the terms of the Constitution.

Amendments

Article 18. Amendments to the Constitution may be proposed in writing by any member of the Association. Proposed amendments receiving approval of a majority of the council shall be submitted to the members for a mail ballot. Adoption shall require a favourable vote of two-thirds of the votes cast.

However, amendments rejected by the council may be re-submitted by the mover for discussion at the next meeting of the assembly and if a decision in favour is then obtained, may be voted upon by mail ballot.

Paris, 10 July 1954.

BYE-LAWS

1. The seat of the Association is at the International Bureau for Plant Taxonomy and Nomenclature, Lange Nieuwstraat 106, Utrecht, Netherlands.
2. Membership fees.
   a. Regular personal members: $ 3.— per year.
   b. Associate personal members: $ 1.— per year.
   c. Supporting institute members: $ 50.— per year.
   d. Regular institute members: $ 25.— per year.
   e. Associate institute members: $ 10.— per year.
3. Regular personal members will receive the periodical Taxon published by the Association free of charge. They will receive other publications at reduced prices.
4. Associate personal members will receive Taxon free of charge. In practice only scientists belonging to fields other than Systematic Botany, for example zoologists, geographers, etc. can be kept permanently as associate members since their interest in Taxonomy is only accessory. All other associate members are expected to become eventually regular personal members and may not remain in the associate category for more than three years.
5. Institute members receive all publications free of charge unless otherwise decided upon by the executive committee.
